

# Inside COLLIN COUNTY BUSINESS

## Music Conservatory of Texas wins 23rd place in 2007 Comerica Collin 60 Awards

May 23, 2007 -

Comerica Collin 60 winners named

Collin County celebrated the 60 fastest growing companies in Collin County at the third annual Comerica Collin 60, recently held at the Marriott Legacy Town Center.

This is the third year that Comerica Bank, Strasburger Attorneys at Law, Grant Thornton, The Plexus Groupe Inc. and CRESA has honored the 60 fastest growing companies in Collin County. Each company has been through an application process that included submitting a nomination form, an interview and attending a reception held at the School of Management, University of Texas at Dallas.

"This year, companies submitting nomination forms exemplified the diversity of the businesses in Collin County. We interviewed small companies that serve the local economy and, at the other side of the spectrum, interviewed larger ones dedicated to serving those listed in the Fortune 500" said Tracy Butler, consultant, The Plexus Groupe Inc.

The Comerica Collin 60 was established to show the world the strength of business in this dynamic growth area. The cities of Allen, Celina, Far North Dallas, Farmersville, Frisco, McKinney, Melissa, Murphy, Plano, Prosper, Richardson and Wylie and many others have companies with a "can do" spirit and growth records that will be envied by others.

"Collin County and the surrounding suburbs are a hotbed of entrepreneurial spirit and success. This was illustrated in the diversity and strength of the winners in the third annual Comerica Collin 60, 24 of which were new to the awards program in 2007," said Angie Bick, president of Finish First Enterprises.

This program would not be possible without the sponsorships of Comerica Bank, Grant Thornton, CRESA, Delta Dallas, The Plexus Groupe, Strasburger, Inside Collin County Business and CBS 11. The recognition of the fastest growing companies is presented by Finish First Enterprises.
